

School of Nursing

Prerequisite Course Completion Form

Office of Enrollment & Student Services • MCV Campus • P.O. Box 980567 • Richmond, Virginia 23298-0567

Accelerated MS, Traditional MS, Non-BSN MS and RN-MS applicants must complete the appropriate section of this form as part of the application packet., indicating what courses have or will be taken to fulfill each prerequisite area, when it was or will be completed, and where it was or will be taken. Questions regarding the transferability of courses from the Virginia Community College System (VCCS) can be found online at www.transferguide.vcu.edu. Please attach a copy of your current course registration and course descriptions for all prerequisite courses not taken at VCU or through the VCCS.

¹Applicants attending colleges or universities which offer anatomy and physiology as a combined 2 semester course must complete the entire course sequence prior to enrolling in the School of Nursing. One semester of a combined anatomy and physiology course will not transfer, nor can one semester of a combined anatomy and physiology course be used in conjunction with a stand-alone anatomy or physiology course to fulfill this requirement. If taking stand-alone anatomy and physiology courses, human or comparative anatomy and human or animal physiology are accepted.

² Must be CHEM 101 (VCU course #) if you do not provide proof that (a) high school chemistry was passed with a grade of “C” or better, or (b) developmental chemistry was passed in college.

³ May not be used, in part or whole, to fulfill the laboratory science requirement.

⁴ Humanities courses must be chosen from: literature, speech, religion, foreign language, sign language, history, geography, government, art, music and philosophy.
